

## **Wharfedale Rugby Union Football Club Ltd.**

### **Accessibility Statement**

The general committee of Wharfedale Rugby Union Football Club Ltd. desires to make its facilities accessible to able bodied & disabled members & visitors alike.

Disabled parking is available as shown in Figure 1.

Additional match day disabled parking is available at the eastern corner of the first team pitch.

Clubhouse parking is normally only to capacity for first team and representative matches. On these occasions, car parking stewards are generally in attendance. Additional disabled parking is provided on matchdays by reserving parking spaces with 'Disabled Parking' cones. Depending upon the level of demand, these parking spaces may revert to standard parking spaces at the discretion of the car park stewards.

Parking for disabled users can be reserved, in advance by contacting the Clubhouse Manager via the contact details on the Club website. Any other special needs will be catered for where reasonably practicable on request to the Clubhouse Manager.

The Club's facilities are hired from time to time by third party users. This information on disabled parking provision & entrances suitable for wheelchairs is made available to these users.
